

Public Lecture with Professor David Nutt

*Not all in the mind – the contribution
of brain science to modern psychiatry*

BAP
British Association for
Psychopharmacology
www.bap.org.uk

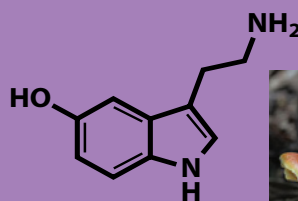

Tuesday 9 April 2019

18:00 – 20:30

**David Shaw Lecture Theatre
Newcastle University
Medical School
Framlington Place
Newcastle upon Tyne**

David will talk about how brain science is helping both professionals and patients better understand their mental health problems and is also leading to new treatments. He will use examples from research in anxiety, depression and addictions.

David Nutt is currently the Edmond J. Safra Professor of Neuropsychopharmacology and director of the Neuropsychopharmacology Unit in the Division of Brain Sciences at Imperial College London.
