

Navigating Treatment Challenges: Movement Disorders, Catatonia & Clozapine CPD Event

Friday 8th May 2026, 08:45am - 16:30pm

Cumbria, Northumberland, Tyne, and Wear NHS Foundation Trust are delighted to announce that we will be hosting our first Navigating Treatment Challenges: Movement Disorders, Catatonia & Clozapine CPD Event.

This will be a full day, face-to-face event, held at The Crowne Plaza Hotel, Hawthorn Square, Forth Street, Newcastle upon Tyne, NE1 3SA.

Topics on the day will include:

- The Evolving Brain: Movement, Mind and Mental Health
- Movement Disorders and Huntington's Disease
- Tardive Dyskinesia: Recent Research and Management
- Motor Signs in Psychiatric Disorders
- Catatonia: A Focus on Management
- Community Clozapine Initiation Service
- Botulinum Toxin for Drug Induced Hypersalivation

Early bird rate is available until Friday 27th March 2026. To enquire about the booking process and cost please email: MedDevelopment@cntw.nhs.uk
